

# MiVision

## Online Statement and reporting

### Factsheet

Easily manage spend on your corporate and purchasing cards with our flexible online solution.

#### This could be the right solution for you

- If you have a corporate or purchasing card programme
- If you want to manage your Cardholders' spend online
- If you want detailed management information to help you with budgeting and planning or negotiating supplier discounts
- If you want your Cardholders to view their card transactions and statements online anywhere in the world

#### How it works

- MiVision forms a key part of our corporate and purchasing card programme providing you with a simple to use flexible online statement and reporting tool which can be switched on with no installation or set up required

#### Simple

- MiVision is included within the corporate payment card contract
- No installation or set up is needed
- Easy access for Cardholders and company administrators
- Control access for cardholders, administrators and secretaries

#### Intuitive

- Our simple point and click interface means MiVision is user friendly with no need for user training and minimal support

#### Versatile

- View and update all Cardholder accounts, including Cardholder information and card limits
- View and report on transactions before the statement is issued at both Cardholder and company level
- Cardholders can view online statements with detailed transaction information including enhanced data and line item detail on purchasing cards (where suppliers provide this detail)

#### Management Information

- MiVision offers standard and bespoke reporting providing instant visibility of card spend
- Transaction data can be consolidated to show realtime and historic data to assist with programme management and increased negotiating power with suppliers

#### Efficient

- Easy access worldwide enabling Cardholders to access card transactions and statements at any time
- Reduce admin costs by setting up reports once and scheduling them to run periodically
- Update Cardholder information online
- Manage card limits, block lost cards, request for new cards online

#### Other corporate products

- **Corporate Card** – A credit card designed to improve the way you manage your travel and entertainment expenditure
- **Purchasing Card** – A credit card designed to improve the way you settle with your suppliers and provide you valuable management information
- **Lodge Card** – A card that is lodged with your business travel agent and designed to settle, control and manage all aspects of your travel bookings
- **Virtual Card** – Provides secure payment for goods and services from suppliers without the need to deploy physical cards across your business
